**Introduction:**

Diploma in Pharmacy is a short duration course which allows student to get educated enough to be eligible for getting a License for the sale of medicines. However, to become a complete expert in pharmaceutical sciences, one need to have a higher education. With this view, Training & Placement Cell of Yashwantrao Bhonsale College of Pharmacy organised a Webinar on Higher Education Opportunities after D. Pharm. Course.

**Objectives:**

1. To inform students about the importance of higher education.
2. To guide them about various higher education opportunities available after diploma course.
3. To tell them about different job opportunities that opens after getting higher education.

**About the program:**

Training & Placement Cell of Yashwantarao Bhonsale College of Pharmacy in collaboration with Yashwantrao Bhonsale College of D-Pharmacy organized this event on the topic “Higher Education Opportunities for D. Pharm. Students.” The speaker for this webinar was Ms Rashmi Mahabal, Assistant Professor, Yashwantarao Bhonsale College of Pharmacy, Sawanttwadi.

As per the tradition of the institute program was inaugurated by virtual lamp lightning. As a Host of the webinar, Ms. Sneha Sawant gave the opening remarks along with welcome note to the speaker and participants. Mr. Satyajit Sathe, Principal, Yashwantrao Bhonsale College of D-Pharmacy, introduced the Speaker and explained the objectives of the webinar to the participants.

In her speech, Ms. Mahabal explained the importance of higher education, difference between job opportunities diploma students & highly educated pharmacy personnel. She also illustrated the different types of roles done by pharmacy

professional at different levels. She demonstrated the various higher education and job prospects with the help of well-designed presentation.

After this fruitful session Dr. Jagtap, Principal expressed his thoughts and best wishes to the students. The program was concluded with a vote of thanks from Mrs. Sneha Madgaonkar. Total more than 100 participants was benefited with this webinar.

The event was coordinated by Mr. Omkar M. Pendse (HOD & TPC Coordinator-Integrated D. Pharmacy, YBCP, Sawantwadi) and Mr. Satyajit P. Sathe (Principal & TPC Coordinator-YBDP, Sawantwadi).

Introduction of Speaker & Objectives of this webinar by Hon'ble Mr. Satyajit. P. Sathe Principal YBCDP

### Key role as COMMUNITY PHARMACIST

- Evaluates a patient's drug-related needs
- Determine whether the patient has any actual or potential drugrelated problems,
- Works with the patient and other healthcare professionals to implement and monitor a therapeutic plan that will resolve/prevent the problem

**4. Medical Transcription -** The B Pharm graduate can work with medical practitioners to maintain the patient treatment history, the drug to which he/she allergic etc.

**5. Analytical Chemist of Quality Control Manager -** The pharmacy graduate can play a crucial role in controlling product quality. The drug and the Cosmetics Act (1945), Rules 71(1) and 76(1) says that the manufacturing activity should be taken up under the supervision of a technical man whose qualification should be B Pharm, B Sc, B Tech or medicine with Bio-Chemistry.

**Vote of Thanks by Mrs. Sneha A. Madgaonkar**
