

08th FEBRUARY 2020

YASHWANTRAO BHONSALE COLLEGE OF PHARMACY, SAWANTWADI.

“HOSPITAL VISIT”

Hospital visit was arranged by Yashwantrao Bhonsale College of pharmacy, Sawantwadi, for second year diploma pharmacy students on 08th February 2020 at Sub District Hospital, Sawantwadi. Students visited government Sub District Hospital in presence of Mrs. Sawant madam, Academic incharge and Mr. Parab Sir, Lecturer Yashwantrao Bhonsale College of pharmacy (Integrated D. Pharmacy). Hospital visit being a part of experimental studies (Hospital and clinical pharmacy) in academics with the purpose to know the various departments and processes involved in various departments of hospital from practical point of view. The main objective of visit was that, Students were able to collect actual information required for their experiment during the visit.

During hospital visit , Students were exposed to various departments in hospital with proper guidance by Dr. Tabbasum Mujawar, BAMS, Mrs. A. C. D’ Souza Staff nurse and Mr. Nitin Saudagar- Lab Technician. It includes IPD, OPD, Maternity home, ICU, pathology laboratory, Trauma section, Male and Female Section, Operation Theater, Dialysis Room, Blood bank and Hospital Pharmacy. In clinical pathology department, students understand the concept of withdrawal of blood and procedure of preparation of plasma and serum. Students also understand the concept of injecting drugs and various routes of parenteral administration of drugs.

Students were fully satisfied with the visit. They understood well about different departments of hospital, documentation records in hospital, clinical lab, pharmacy and functions of all the departments. This visit was found helpful to students for report submission and it was the achievement of the day.
