Sindhudurg Maharashtra at Glenmark Pharma Limited Colvale, Bardez Goa on 1st February and at Pfizer Private Ltd. Verna Goa on 27th January 2020. Total 95 students of third year B. Pharmacy were attended this one day industrial study visit.

The students of third year B. Pharmacy were exposed actual practical work in pharmaceutical industry in addition to theoretical knowledge. During this industrial study visit, students learnt and got the practical knowledge about pharma industry and interacted with different departments working in it. Students visited and guided by members industry Production Department, Quality Assurance, Quality control, Packaging department, Warehouse and Quarantine department of General Tablets, Oral contraceptives, Steroid etc.

Students Experiences Visits how to manufacturing tablets are useful for students to understand the realities of the manufacturing tablet and other dosage forms which in itself is a rare exposure. By visiting the pharma industry they understood how standard operating procedures (SOP) are to be followed in industry and use of major equipment's in pharma industry with hands-on practical knowledge.

Through industrial visit students got awareness about new technologies, equipment's and manufacturing of different dosage forms in pharmaceutical industry. Visiting different departments of pharma industry helped us to build a good knowledge of pharmaceutical industry. After visiting an industry gained a combined knowledge about both theoretical and practical. The company person also appreciates us and visit seemed to be very informative and gives us good learning experience.

For successful organisation of this Industrial visit guidance given by Principal Dr. V. A. Jagtap and efforts were taken by Mr. Durgesh T. Gautam TPO Coordinator along with Ms. Shweta Shirodkar, Ms. Pranali Joshi Asst. Professor Department of Pharmaceutics.
