Communication skills

- Communication is one of the most important soft skill.
- Communication is the act of transferring information from one place to another/ one person to others.
- It may be **vocally** (using voice), **written** (using printed or digital media such as books, magazines, websites or emails), **visually** (using logos, maps, charts or graphs) or **non-verbally** (using body language, gestures).
- Good listening skills will help in learning and in communication process.
